Web Sgt Department of Oregon

Subject: Web Sgt's Report, Winter Conference 2022

Sir Commandant:

In August of 2022 the three-year contract for hosting the Department's website with Siteground expired. Renewing the contract with this company for another three years would cost the department more than \$400. Therefore, I found a new company to host the department's WordPress website; Dreamhost. The contract for three years of hosting the department's website at Dreamhost cost \$142.20 which includes the security certificate required by Google and Edge. The domain name renewal for mcl-oregon.org will cost \$19.99 per year for three years. Total cost for three years of website hosting with domain name renewals and secure certificates is \$202.17 which will expire August 31, 2025.

After transferring the website to Dreamhost I spent two months totally revamping and updating the website with a new clean user-friendly platform that is readily viewable on any device including smartphones which now accounts for more than 62% of internet access by any other kinds of devices including pc(s), laptops, and tablets.

I added a new page which will serve as the Department's library for documents, forms, and publications. There will be a password protect area for sensitive material including department minutes, detachment reports, bylaws and other Department information. The password to enter the secure area of the library is DD-214. Passwords are case sensitive so enter the password exactly as shown in this report. Do not share this password with anyone who is not a member of the Marine Corps League.

Semper Fi

Respectfully Submitted,

Derral Hunt
